

Maintaining hope and courage is a challenge for people faced with cancer

The **One to One Ovarian Cancer Support Group** believes that no one should face this disease alone. The support group is a mixture of women at different points in time since initial diagnosis. It is a wonderful vehicle that helps survivors establish contact with other women to reduce anxiety, fear and isolation. Most monthly meetings are held on the second Thursday of the month - 4 - 5:30 p.m. at Beaumont Hospital, Royal Oak - Neuroscience Center. Exceptions will be published.

We have several ways for disseminating newsletters and other information:

- 1) Newsletter (**paper copy**) sent through US Postal Service
- 2) Newsletter sent through **blind copy email** as PDF file; (EMAIL NEWSLETTER)
- 3) Shared Address/Phone List - for support via calls to one another.
- 4) Information/updates about people or events will be sent via blind copy email.
- 5) Newsletters are posted on www.OnetoOneOvarianCancerSupportGroup.com
